THE INSPIRATION

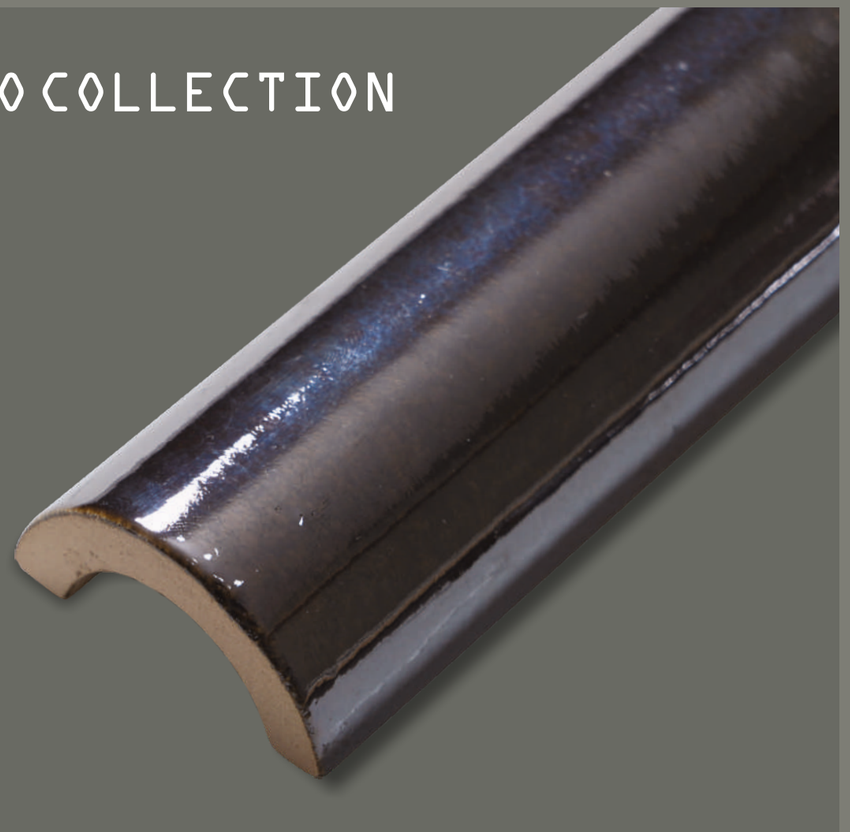

THE PUREST FORM OF CRAFTSMANSHIP

Born in the heart of our artisanal facility in Morbi, ORO Stick is the most compact and refined evolution of the same technology that made our Stick iconic. A reduced format, created through a dedicated mould and featuring a three-dimensional effect that enhances materiality, rhythm and light. ORO Stick expresses the identity of handmade ceramics on a smaller scale, with a tighter texture and surfaces finished in a sophisticated glossy glaze across most of the palette. Only the tone milk foam, a warm and velvety white, is offered in an elegant matt finish to emphasize its purity. Entirely manufactured using our proprietary process at our factory, ORO Stick is the art of turning detail into the main character: a contemporary modular solution, perfect for continuous surfaces or decorative accents in any space. With 10 selected colours, blending iconic tones with brand-new natural shades, ORO Stick becomes a new precious tile in the story of Italian craftsmanship told by Sober Mosaic.

ORO COLLECTION

Back to Origin

ORO collection is a decorative design element that combines colors and 3D shapes. A collection of white-body tiles that gives the wall covering its symphony of 10 all-embracing colours that guarantee visual continuity.

Emerging from the fusion of clay and water and inspired by the fervent soul of the Mediterranean, Sober Ceramic comes into existence. With every natural clay creation, we redefine the art of ceramics, reviving the values of imperfection and simplicity.

Each ORO piece is hand moulded with dedication and care, creating an authentic connection between the artisan and the raw material. The organic textures and shapes evoke the feeling of being surrounded by the earth itself
