REIMAGINE THE PAST OF THE BRICKS

The Brick Collection, in its 75x200mm format, is a tribute to the traditional brick, reimagined with a modern sensibility. Each piece is a microcosm of history, evoking ancient artisan kilns and historical architecture.

The Glossy finish not only confers a contemporary look but also amplifies the tactility, inviting touch. The material surface, with its delicate imperfections and subtle color variations, recreates the patina of time, making every cladding unique and rich in character. It is a continuous dialogue between geometric rigor and the softness of the argillaceous material.

DREAMS ARE MADE OF BRICKS

The collection is a tribute to the traditional brick, reimagined with a modern sensibility to evoke ancient artisan kilns and historical architecture. Dedicated entirely to clay GVT bricks, our technical expertise and manufacturing capabilities allow us to create innovative solutions inspired by nature and produced to the highest quality and standards.

Our clay GVT bricks tile is manufactured entirely at our facility in Gujarat, which allows us to be extremely demanding when it comes to achieving the best results and totally flexible in meeting our customers' needs.

Our unwavering commitment to design, together with our approach to technology and production, has positioned us as a world leader in GVT brick tile.
